digital storytelling for brands has become a non negotiable skill in the 21st century due to the need to connect and communicate with diverse audiences across multiple channels and platforms the ability to understand narrative s is now a prerequisite for many business communication marketing and public relations professionals as well as content creators and journalists this book teaches essential skills in deconstructing the traditional narrative and how to adapt narrative to fit contemporary platforms co creative methods are emphasised and provide readers with a theoretical underpinning of participatory culture and narrative for the first time ever this book brings together extant arts and humanities based models with business theory it provides learners with a clear understanding of the creative and persuasive form of narrative within a digital context whilst building brand contemporary case studies highlight challenges faced in the digital world including implications for reputation management considerations associated with mis and disinformation and the crucial role of the collective narrative a key principle guiding this book is the more digital we become the more we crave to feel human and it is this very space where digital storytelling can cut through the digital noise to provide an authentic connection bridget tombleson is an academic at curtin university perth western australia with more than twenty years experience in public relations and the communication industry katharina wolf is an associate professor at curtin university in perth western australia and lead of the faculty of business and law s public relations program

this book introduces students practitioners and laypeople to a comfortable approach to learning landscape architectural design free of design jargon and derived from their existing knowledge a step by step process has readers consider their knowledge of language as metaphorically related to basic design and landscape design through information delivery and questioning processes readers build on what they already know their tacit understanding of language as applied to problem solving and storytelling everyone is a storyteller taken one step at a time through a three tiered analogy of language basic design and landscape design readers learn the makeup and role of such design features as

points lines planes volumes and sequential volumetric spaces that make up their worlds with that in a sense new world view and numerous questions and examples readers begin to see that they in fact daily read the environments in which they live work play raise families and grow old once they realize how they read their surroundings they are helped to recognize that they can build narratives into their surroundings at that point the existence of authored landscape narratives finds readers understanding a design process that relies on the designer as author landscape as text and participant user as reader that process has the reader write a first or second person narrative visually interpret the written narrative into a storyboard and turn the storyboard into a final design the physical makeup of which is read by those who participate in it

this book blends instructional design and development tasks with design issues to outline a methodology for creating effective based training wbt each chapter addresses key implications relating to the wbt project team target learners training goals and technical possibilities from planning through implementation this book is a detailed how to primer that integrates fundamental principles with the nuts and bolts of wbt development

taking readers from media students to media professionals introducing media practice brings together the why and the how to of media studies it explains how adding theory to practice improves students media projects and shows them how to develop the kind of project skills they need for a career in the creative and media industries with a clear easy to follow structure the book covers the full range of media practice skills from building production teams and writing briefs through audience research and scripting to production distribution and evaluation offers a range of exercises for both the classroom and independent learning helping students put their learning into practice build their confidence and establish a portfolio includes a glossary of key terms helping students to get to grips with the concepts they need to know to succeed by bridging the gap between theory and practice this book provides students with a richer understanding of both it is the ideal guide to succeeding in a media degree enhancing their employability and preparing for a career in the creative and media industries
